EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Jonathan Scherer on November 21, 2006.

The application has been amended as follows:

In the claims:

Claim 1, line 8: the word "near-vertical" has been changed to --substantially vertical--.

2. The following is an examiner's statement of reasons for allowance: The prior art does not teach or render obvious the claimed combination comprising an engine driven work machine having a sling fitting hinged to the pipe frame, the sling fitting having a bent section extending at a right-angle to a bottom edge of a center section of the sling fitting and approximately C-shaped sections provided adjacent to the two ends of the sling fitting on opposite sides of the center section, the C-shaped sections including hinge sections for rotationally supporting the sling fitting and for engaging with the stopper.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably
